Using the definitions at the left, fill the words into the WORDS column. Then transfer the letters from the WORDS column into the corresponding places in the diagram. It is not necessary to know more than a few words to begin solving. Work back and forth from diagram to WORDS column until both are filled in. A black square denotes the end of a word. Your completed diagram will yield a quotation; the first letter of each word in the WORDS column, reading down, will spell out the author and the work quoted. Quotation and Word List are on the next page.

ANACROSTIC QUOTE

Author: Robert Irving

Work: HURRICANES AND TWISTERS

“A hurricane is like a person. After it is born, it grows and develops, then becomes old and dies. Each hurricane has a character of its own.... People remember it long after it is gone. So it seems natural to give hurricanes names, and to talk about them almost as if they were alive.”
