Solution on the next page

How to Solve Large-Print Missing Vowels

Missing Vowels are word seek puzzles with an added challenge. Before you can loop the words, you must first fill in the circles in the diagram with the missing vowels A, E, I, O, and U. We suggest you start with longer words and words with many consonants. Words in the diagram read forward, backward, up, down, and diagonally, and always in a straight line. Loop each word when you find it and check it off the list. Words will often overlap and some letters may be used more than once. Not all of the letters in the diagram will be used. We have filled in and looped one word in the first puzzle to start you off.

Caution: The solution is included at the bottom of the page.
