How to Solve Alphabet Soup

Insert a different letter of the alphabet into each of the 26 empty boxes to form words of five or more letters reading across. The letter you insert may be at the beginning, the end, or in the middle of the word. Each letter of the alphabet will be used only once. Cross off each letter in the list as you use it. All the letters in each row are not necessarily used in forming the word.
 Example: In the first row across we have inserted the letter M to form the word EMBLEM.

Caution: Our solution is included at the bottom of the page.

ALPHABET SOUP SOLUTION

E	M	B	L	E	M										
			H	I	G	H	N	E	S	S					
			K	R	Y	P	T	O	N						
W	A	R	L	O	C	K
