

Dell®

SUDOKU Spectacular™

EXTREME

MEDIUM

To solve, place a number into each box so that each row across, each column down, each small 9-box square within the larger diagram (there are 9 of these), AND each of the two long shaded diagonals will contain every number from 1 through 9. In other words, no number will appear more than once in any row, column, smaller 9-box square, or shaded diagonal. Working with the numbers already given as a guide, complete each diagram with the missing numbers that will lead to the correct solution.

5		4				9		8
	3				9	6		
6					2			
	6				5	7		9
			9		3			
9		5	1				8	
			5					7
		3	7				6	
7		8				4		1
