

# DAVY TRAIN

Davy Jones became a teen idol in the 1960s as the British member of the Beatles-inspired American band featured on the sitcom "The Monkees." His idol status was still going strong in the 1970s when he appeared on the "Getting Davy Jones" episode of TV's "The Brady Bunch," in which fan-club prez Marcia tries to get Jones to sing at her school prom!

## How to Solve Word Seeks

The words in the list are hidden in the diagram of letters. Find them by reading forward, backward, up, down, and diagonally. Do not skip over any letters. Some of the letters in the diagram are used in more than one word; some are not used in any words.

When you find a word in the diagram, circle it and put a check in the small square next to the word in the word list.

Only words in CAPITAL LETTERS in the word list are hidden in the diagram. Words in parentheses and those not in all CAPITAL LETTERS are not in the diagram—they are there for descriptive purposes only. If two forms of the same word (JOY and JOYFUL, for example) are in the word list, they will be found in different places in the diagram.

**Caution: The solution is included at bottom of page.**
